(2014 -Present)
UNIVERSITY OF ENGNINEERING & MANAGEMENT
Bachelor of Technology
CSIT

(2014 -2021)
KRISHNAGAR ACADEMY
ICSE & ISC
82%

MY PROJECTS

PROJECT MANAGEMENT TOOL
Implemented a responsive and feature-rich project management website from scratch.
- Developed the front-end using HTML5, CSS, and ReactJS, enabling seamless user interaction.
- Designed the back-end using Node.js and Express.js for handling user authentication, cart management, and product listings.
- Utilized MySQL for database management to ensure data integrity.

CLINICEASE(MEDICAL APPOINTMENT BOOKING)
Clinicease is an medical application written in Flutter. The application is completely focused on performance and beautiful interface and interactions. It will save you alot of time if you plan on making an application along this line.
- User-Friendly Appointment Scheduling
- Doctor and Clinic Profiles
- Secure Payment and Health Records

ELECTRICITY BILLING SYSTEM (JAVA)
The project aims to automate power department billing, simplifying unit calculation and payment processes for consumers.
- User Authentication and Registration
- Meter Reading Management
- Billing and Payment Processing
